Popcorn Machines

Mercator Popcorn Machines turn the world's favorite snack into a fast-moving moneymaker. Designed for consistency, style, and easy cleanup, these commercial-grade poppers combine eye-catching design with reliable output for every venue – from school concessions to large arenas.

Why Concession Operators Choose Mercator:

- High-efficiency kettles deliver continuous popping power
- Stainless steel construction and tempered glass for durability
- Vibrant designs that attract customers and boost impulse buys
- Compact 4oz and 8oz models for smaller venues, powerful 12oz and 16oz units for large events

Ready to Use: Each machine comes with **measuring cups, a popcorn scoop, and an interior light bulb** for easy operation from the start.

Features

- Easy-clean kettles
- Stainless steel construction
- Bright displays to attract customers
- Add-on carts available

Popcorn Poppers

Stainless steel frames, tempered glass panels, and heavy-duty kettles for long-lasting performance.

MPM4 - 4oz

Compact and efficient, perfect for small venues, schools, and cafés needing fresh popcorn on demand.

MPM8 - 8oz

Mid-size capacity built for steady concession traffic in independent movie theaters, bowling alleys, and community centers.

MPM12 - 12oz

Mid-sized capacity, perfect for amusement parks, skating rinks, hotels and resorts needing fresh popcorn on demand.

MPM4CART

Add a portable, eye-catching unit ideal for mobile concessions and event rentals.

MPM8CART

A versatile, high-capacity setup that combines professional output with mobility and visual appeal.

MPM16 - 16oz

Large capacity built for steady concession traffic in stadiums, large movie theaters, casinos, and theme parks.

Model / Kettle Size	Dimensions (W × D × H)	Voltage	Wattage	1-oz Servings / Hour
MPM4 (4 oz)	17" × 14" × 20"	120 V	600 W	100 servings/hour
