MERCATOR

At **Mercator**, we know your kitchen doesn't have time for downtime. That's why we deliver **durable, US-certified commercial equipment** designed to perform under pressure—whether you're cooking, chilling, cleaning, or serving. Backed by **fast delivery, competitive pricing, and reliable warranty programs**, Mercator gives you a one-stop solution to keep operations running smoothly and budgets on track.

Performance You Can Count On

Durable US-certified ice machine equipment engineered for high-volume performance.

Smart Budgets

Highly competitive prices that lower your total cost of ownership.

Strategically stocked inventory to minimize downtime.

Certified & Safe

ETL listed for compliance and peace of mind.

Backed with Confidence

Every product comes with responsive customer support.

One-Stop Solution

From hot kitchens to cold storage to cleanup, Mercator covers your operation end to end.

Daily Ice Usage Per Application

Foodservice

Restaurant 1½ to 2 lbs. per person
Cocktail 3 to 5 lbs. per person/seat
Water Glass 4 oz. per 10 oz. glass
Salad Bar 30 lbs. per cubic foot
Fast Food 5 oz. per 7-10 oz. drink
8 oz. per 12-16 oz. drink
12 oz. per 18-24 oz. drink

Hospitality

Guest Ice 5 lbs. per room
Restaurant 1½ to 2 lbs. per person/seat
Cocktail 3 to 5 lbs. per person/seat
Catering..... 1 lb. per person

Residential/Office/Retail

Refer to "How to Choose an Ice Machine"

Convenience Store

Beverage 5 to 6 oz. per 12 oz. drink
8 to 10 oz. per 20 oz. drink
12 to 16 oz. per 32 oz. drink
Packaged Ice lbs. per bag
"x" bags sold per day

Entertainment

Restaurant 1½ to 2 lbs. per person
Cocktail 3 to 5 lbs. per person/seat

Healthcare

Bed 6 lbs. per bed
Employee 2 lbs. per person
Cafeteria 1 lb. per person

Beverage Service

Cafeteria 1 lb. per bed
Drinks 40% ice per drink;
"x" number of drinks
served on peak day

HOW TO CHOOSE AN ICE MACHINE

- Choose your ice type
- Use the calculator to determine which ice machine works best for your business

$$\begin{array}{rcl} & \text{Lbs. of ice used} & \\ & \text{Number of} & \\ \text{X} & \text{customers served} & \\ \hline & \text{The size of} & \\ = & \text{ice machine you need} & \end{array}$$

High-Performance Ice Shapes. Consistent Results.

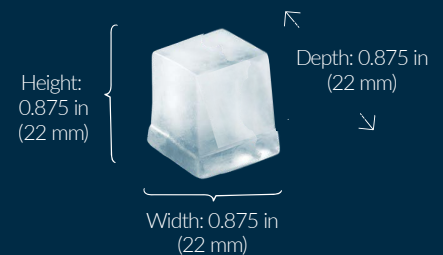

The shape, clarity, and hardness of ice directly affect beverage presentation, dilution rate, and customer experience. Mercator's ice machines are engineered to produce consistent, high-quality ice tailored to the needs of foodservice, hospitality, beverage programs, and residential applications.

FULL-SIZE SLAB CUBE ICE

Reliable. Efficient. High-Capacity.

Full-size slab cubes (full-dice) are formed in sheets and break apart as they drop into the bin. This method delivers excellent water efficiency and consistent cooling performance for high-volume environments.

MU15IMC, MI150F/MI150H, MI150F/MI150H, MI150F/MI150H, MI200F/MI200H, MI260F/MI260H, MI320F/MI320H, MI200F/MI200H, MI260F/MI260H, MI320F/MI320H, MI360F/MI360H, MI370F/MI370H, MI500F/MI500H

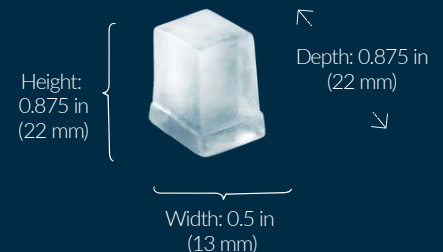

HALF-SIZE SLAB CUBE ICE

Versatile. Cost-Effective. Perfect for Beverages.

Half-size cubes (half-dice) fill the glass more fully, helping manage beverage costs. Their smaller size allows fast cooling, making them a standard in restaurants, bars, and cafés.

MI150F/MI150H, MI150F/MI150H, MI150F/MI150H, MI200F/MI200H, MI260F/MI260H, MI320F/MI320H, MI200F/MI200H, MI260F/MI260H, MI320F/MI320H, MI360F/MI360H, MI370F/MI370H, MI500F/MI500H

BULLET CUBE ICE

Fast Cooling. Lightweight. Modern Aesthetic.

Bullet ice has a rounded shape with a center opening. It chills drinks quickly, dispenses easily, and provides an appealing look for high-turnover beverage programs.

MI75GB, MI130GB

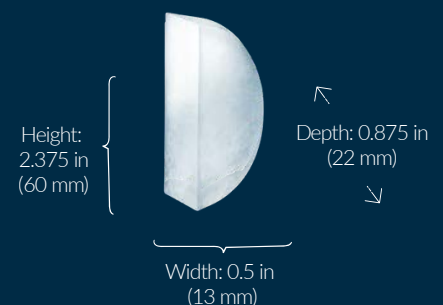

CRESCENT ICE

Smooth Shape. Efficient Production. Everyday Use.

Crescent ice freezes quickly and reduces splashing during beverage service. Perfect for residential and light commercial use, though it melts faster than clear cubes.

MU15IMC

NUGGET ICE

Soft. Chewable. Customer-Favorite.

Nugget (or pellet) ice is soft, chewable, and absorbs flavor well. A popular choice for healthcare, smoothies, iced coffees, and specialty beverages.

MU15IMN

COOL SOLUTIONS FOR EVERY APPLICATION

Designed for versatility, Mercator ice machines meet the demands of bars, restaurants, cafés, hotels, and commercial kitchens.

LED Illumination: Internal blue light for visibility

Durable Construction:
Stainless steel with black trim

Front-Breathing Design:
For built-in or freestanding installation

Reliable. Sanitary. Efficient.

Mercator's **Self-contained Undercounter Ice Machine** line provides reliable performance for every application — **restaurants, bars, healthcare, hospitality, and more.**

- Easy to operate LCD panel
- Automatic self-cleaning
- Automatic overflow prevention

- High-speed ice making
- Large ice production

Self-Contained Undercounter Ice Machines

80 lb Undercounter Ice Machine

MI80F / MI80H

Features:

- Daily production of 88 lbs, and an ice bin storage capacity of 25 lbs
- Durable stainless steel exterior with black trim
- Air-cooled compressor for reliable, efficient performance
- Programmable digital electronic controls for easy operation
- Built-in self-cleaning mode reduces maintenance time
- Front-breathing system suitable for built-in or freestanding use
- Vertical evaporator technology ensures consistent cube formation
- Includes ice scoop, supply tubing, and drain line
- Compact footprint (16.7" W) ideal for tight spaces
- **Half-Dice (NH) or Full-Dice (N) cube options**

120 lb Undercounter Ice Machine

MI120F / MI120H

Features:

- Daily production of 120 lbs, and an ice bin storage capacity of 35 lbs
- Durable stainless steel exterior with black trim
- Air-cooled, self-contained ice machine with built-in storage bin
- User-friendly programmable digital controls with digital status display
- Automatic cleaning cycle + bin overflow prevention
- Internal blue LED lighting for visibility
- Vertical evaporator for consistent ice formation
- 6" adjustable leveling legs for flexible installation
- Includes ice scoop with internal holder
- Front-breathing design allows zero-clearance built-in use
- Antimicrobial bin liner for improved sanitation
- **Half-Dice (NH) or Full-Dice (N) cube options**

150 lb Undercounter Ice Machine

MI150F / MI150H

Features:

- Daily production of 152 lbs, and an ice bin storage capacity of 75 lbs
- Durable stainless steel exterior with black trim
- Air-cooled, self-contained ice machine with built-in storage bin
- User-friendly programmable digital controls with digital status display
- Automatic cleaning cycle + bin overflow prevention
- Internal blue LED lighting for visibility
- Vertical evaporator for consistent ice formation
- 6" adjustable leveling legs for flexible installation
- Includes ice scoop with internal holder
- Front-breathing design allows zero-clearance built-in use
- Antimicrobial bin liner for improved sanitation
- **Half-Dice (NH) or Full-Dice (N) cube options**

Self-Contained Undercounter Ice Machines

Compact, front-breathing designs that combine ice production and storage in one unit — perfect for bars, cafés, breakrooms, and small kitchens.

Self-Contained Undercounter Ice Machines

200 lb Undercounter Ice Machine

MI200F / MI200H

Features:

- Daily production of 199 lbs, and an ice bin storage capacity of 75 lbs
- Durable stainless steel exterior with black trim
- Air-cooled, self-contained ice machine with built-in storage bin
- User-friendly programmable digital controls with digital status display
- Automatic cleaning cycle + bin overflow prevention
- Internal blue LED lighting for visibility
- Vertical evaporator for consistent ice formation
- 6" adjustable leveling legs for flexible installation
- Includes ice scoop with internal holder
- Front-breathing design allows zero-clearance built-in use
- Antimicrobial bin liner for improved sanitation
- **Half-Dice (H) or Full-Dice (F) cube options**

260 lb Undercounter Ice Machine

MI260F / MI260H

Features:

- Daily production of 265 lbs, and an ice bin storage capacity of 75 lbs
- Durable stainless steel exterior with black trim
- Air-cooled, self-contained ice machine with built-in storage bin
- User-friendly programmable digital controls with digital status display
- Automatic cleaning cycle + bin overflow prevention
- Internal blue LED lighting for visibility
- Vertical evaporator for consistent ice formation
- 6" adjustable leveling legs for flexible installation
- Includes ice scoop with internal holder
- Front-breathing design allows zero-clearance built-in use
- Antimicrobial bin liner for improved sanitation
- **Half-Dice (H) or Full-Dice (F) cube options**

320 lb Undercounter Ice Machine

MI320F / MI320H

Features:

- Daily production 328 lbs, and an ice bin storage capacity of 100 lbs
- Durable stainless steel exterior with black trim
- Air-cooled, self-contained ice machine with built-in storage bin
- User-friendly programmable digital controls with digital status display
- Automatic cleaning cycle + bin overflow prevention
- Internal blue LED lighting for visibility
- Vertical evaporator for consistent ice formation
- 6" adjustable leveling legs for flexible installation
- Includes ice scoop with internal holder
- Front-breathing design allows zero-clearance built-in use
- Antimicrobial bin liner for improved sanitation
- **Half-Dice (H) or Full-Dice (F) cube options**

Self-Contained Undercounter Ice Machines

Compact, front-breathing designs that combine ice production and storage in one unit — perfect for bars, cafés, breakrooms, and small kitchens.
